

## **AIL RESEARCH SOCIETY (AILRS)**

*AIL Research Society (AILRS)*, is created with the objective to promote interdisciplinary research in the field of law. The purpose of the *AILRS* emphasise to promote authentic authorship and to encourage more participation of students in main-stream research. It aims to promote better understanding of questions of law and to improve legal writing skills. Further the societies' object is to identify and use primary and secondary legal authorities appropriately. It aims in conducting seminars, panel discussions, guest lecturers in order to adopt an explicitly comparative approach and develop strategies for ensuring sustainable development and success in the most competitive world.
