

REPORT ON THE SKETCHING COMPETITION CONDUCTED BY AIL

ECO CLUB

On 24th September 2024, the AIL ECO Club successfully organized a sketching competition to mark the “*International Day of Awareness of Food Loss and Waste*”. The event aimed to raise awareness about the global issue of food wastage and loss, encouraging students to creatively express their thoughts on the subject through sketching. The participants expressed concern about sustainable food practices, environmental conservation, and food security.

Objective of the Competition

The competition was designed to promote awareness about the critical issue of food loss and waste, which affects millions worldwide and contributes to hunger and environmental degradation. The participants were encouraged to illustrate the causes and impacts of food wastage while suggesting sustainable solutions through their sketches.

Judges

The competition was judged by:

- **Dr. Ekjyot Kaur**, Assistant Professor of Economics
- **Dr. Kulpreet Kaur**, Assistant Professor

Participants

The competition saw an enthusiastic response, with the following students participating:

1. **Jasleen Kaur** [24100]
2. **Mangesh** [24063]

3. **Himanshu** [24082]
4. **Prabhjot** [24040]
5. **Debasmita** [24004]
6. **Ayush** [24103]
7. **Shreesh** [2204]

Each participant presented a unique perspective on food loss and waste, creatively showcasing the urgency of addressing this issue through impactful visuals.

Winners

After careful consideration, the winners of the competition were announced:

- **Winner : Jasleen Kaur** [24100]
- **Runners-up: Himanshu** [24082]

Jasleen Kaur's sketch was particularly appreciated for its powerful representation of food waste and its detrimental effects on the environment and humanity. **Himanshu's** entry, the runners-up, was commended for its creative approach to illustrating the imbalance between food production and consumption.

Awards and Appreciation

The winners were awarded with a token of appreciation, chocolates, and sustainable souvenirs crafted by the ECO Club team. These eco-friendly gifts served as a reminder of the club's commitment to promoting environmental sustainability.

Conclusion

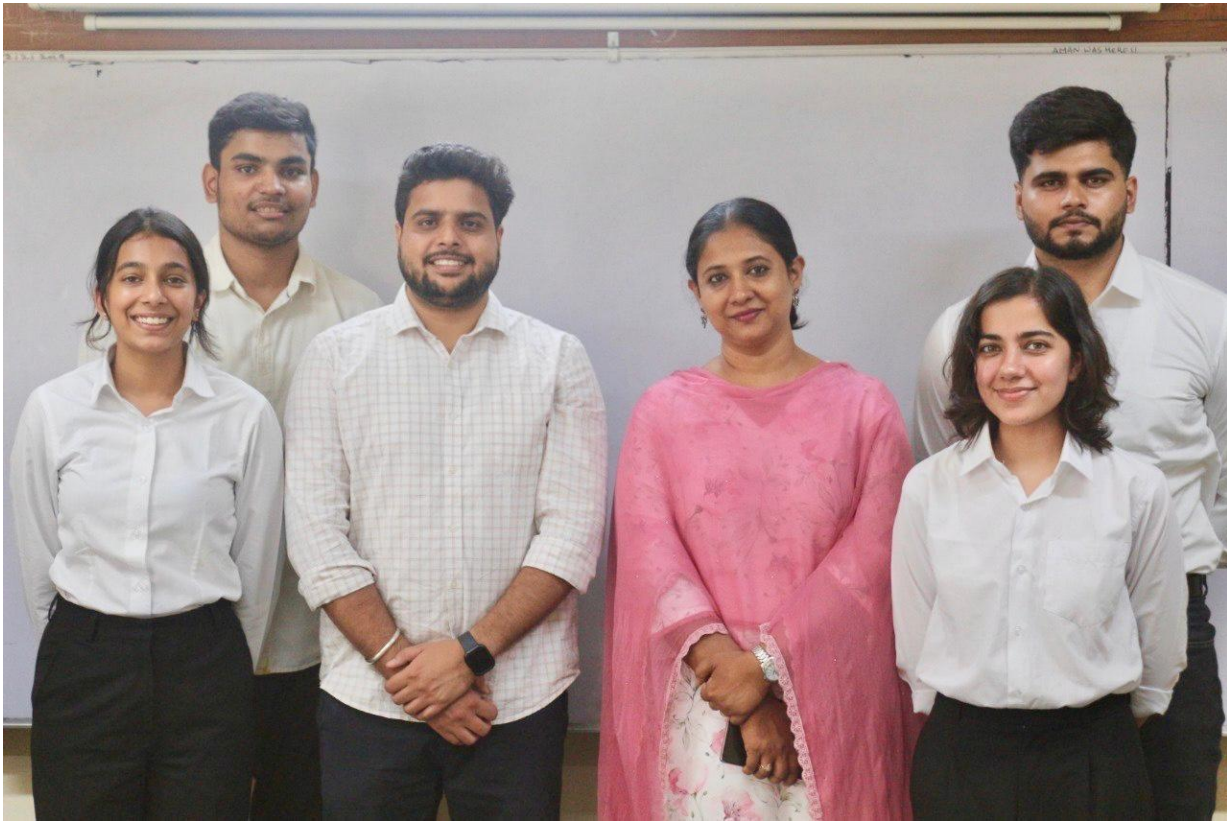

The event successfully raised awareness among students about the importance of reducing food loss and waste, and it encouraged them to think critically about their own consumption habits. The AIL ECO Club plans to continue organizing such initiatives to promote environmental awareness and sustainability in the future.
